INTRODUCTION

I am a passionate learner, always seeking new knowledge and opportunities for growth. I have solved over 500 programming problems on different online judges. I have a working knowledge of C#, OOP, EF Core, Linq, ASP.NET Core, MS SQL Server, PHP, MySQL, Laravel, Laravel REST API, Python, Django and SQLite.

EDUCATION

Rajshahi University of Engineering & Technology
B.Sc in Computer Science & Engineering   *2019 - 2024*

Naogaon Govt. College
HSC   *2016 - 2018*

Naogaon K.D. Govt. High School
SSC   *2011 - 2016*

PROJECTS

Student Result Management System   *C#, Linq, EF Core, ASP.NET Core MVC, MS SQL Server, Git*   Github

- Designed and developed a student result management system from scratch.
- The application can only be used by authenticated admin.
- Every students result data is separated.
- Result sheet (PDF) can be generated for any semesters and any series.

Task Management System   *PHP, Laravel, Laravel REST API, MySQL, Git*   Github

- Designed and developed a Daily Task Manager.
- Only authenticated users can use the application.
- An user can filter his tasks by status (e.g., Pending, In Progress, Completed).

Single Vendor E-Commerce   *PHP, Laravel, MySQL, Git*   Github

- Implemented a simple E-Commerce site for selling products.
- Developed the cart functionality for the customers.
- Separate logic for admin and users.

Blood Bank Management   *Python, Django, SQLite, Git*   Github

- Developed a web application for blood bank management.
- An authenticated donor can search for blood, entering address or blood group.

TECHNICAL SKILLS

Languages	:	C#, C/C++, PHP, JavaScript, Python
Frameworks	:	ASP.NET Core MVC, Laravel, Django
WebTechnologies	:	HTML, CSS, Bootstrap
Databases	:	Visual Studio, Visual Studio Code, Git
